Dear Cast of *The Laramie Project*,

I just wanted to write you, and everyone involved in *The Laramie Project* to let you know how delighted I am that you are doing this production.

Northwestern University has historically trained some of our best actors. So the company and I are thrilled you're doing our play.

In a way, many of the issues and ideas the play deals with; intolerance, hatred, bigotry, are all the unfortunate things you will inherit from our generation. That means your generation has a real and tangible opportunity to change things. By doing this play, you, your cast mates and the crew are making a statement against oppression and so many of the things that are wrong with our culture. I thank you and hope that for everyone involved with *The Laramie Project* this will mark the beginning of a life-long commitment to justice, beauty and truth.

On my behalf, and on behalf of everyone at Tectonic Theater Project, I send you the best wishes for a glorious run.

With gratitude,
